OFFICIAL PUBLICATION OF

THE ELONGATED COLLECTORS

volume XXIV NO. 1 Jan. Feb. March, 1989

from the
PRESIDENT'S DESK

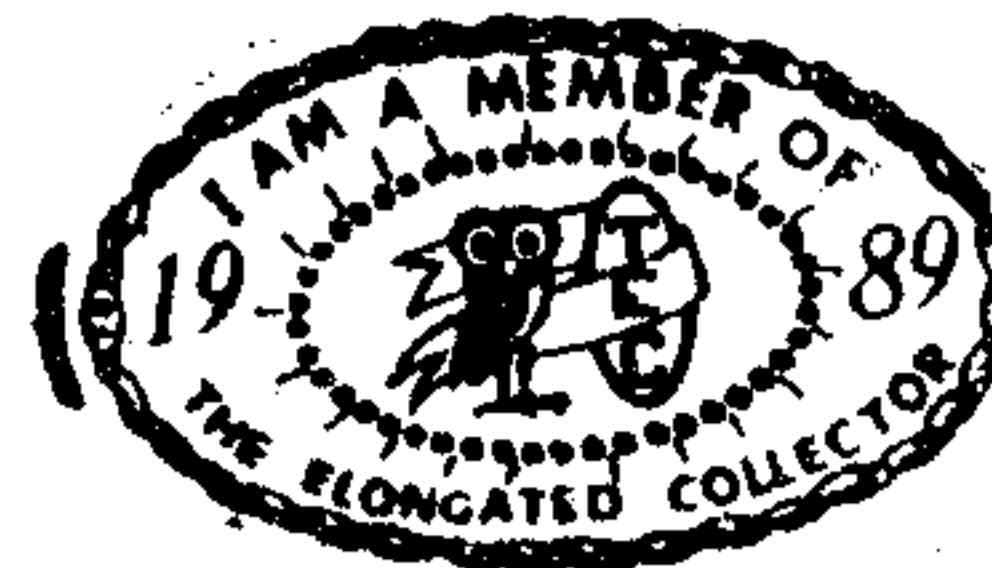

Well, Thanksgiving is over, Christmas has come and gone, hope all made it thru New Years alright. Now to work getting rid of the extra pounds we put on thru the holidays, get to work doing all the things we said we would do after the first of the year, send in your \$5.00 dues to TEC, Don't forget that. Its a New Year, 1989, many things to do now. One thing, new officers for TEC to think about. New Editor for Newsletter needed. Plans for ANA - TEC booth at Pittsburgh, August 9-13, just a reminder to let you know to make plans now. Hope you all had a wonderful holiday. I am happy to still be here. I feel very lucky to have had so many people who sent in articles for the Newsletter last year to help me out. Hope you will keep sending in articles. If you have any IDEAS to help out the club or Newsletter please let us know. We had a large number of new members last year join the club and hope they will stay with us this year and we will get many new ones. You can help. Tell your friends or Coin Clubs or meetings about Elongateds. Try to get new people interested in a Fun Hobby. If any one of you are interested in being an officer for the next two years but don't know how to go about letting someone know, drop me a note. We will need people to run for office this year and will need to elect new Board Members as well as President, Vice President, Secretary, Treasurer. If you want to nominate someone just send in the name to Ray Dillard or me and we will be glad to put the name before the membership for election. Hope you enjoyed the Newsletter the past years and hope a new Editor will have your support. I want to thank everyone for kind words and support over the past two years while I have been president and thank all the people who helped out at the Booth at the ANA convention. Its good to work with such fine people. I have plans for this year to start a new project which I will write more about in another part of the Newsletter. Plan to keep busy. I hope you have a Happy New Year and are in good health for another year. New Membership Coin are available and Award Coins for Newsletter articles are being sent out with this Newsletter to those who wrote articles in 1988. Get your article in for 1989. Thanks to all of you for your help, cards, letters, and phone calls last year.

Frank

OFFICERS OF THE ELONGATED COLLECTORS CLUB 1988-89

are \$5.00 per Calendar Year

**IMPORTANT NOTICE
ATTENTION**

The opinions written in the articles, in the TEC NEWS are not necessarily those of the editor, or the officers of the TEC Club. The editor reserves the right to edit articles as deemed necessary. Articles unsigned will not be used. Short articles are preferred. Long articles will be put in two parts or put in when there is space for them. The entire contents of articles sent to the editor become the property of TEC and will not be returned and none are to be reprinted, in whole or in part without the written permission of the editor.

Photos sent in with articles or ads must be sent to us already screened for printing, as our budget does not allow for this screening process. Sharp and clear newspaper photos can be used as these have already been screened for printing, and if they are not too large. Derogatory articles will not be printed.

NOTICE!

ALL ADVERTISERS

Advertising rates will remain the same for the present until a further study is made. Only camera ready ads will be accepted until further notice.

Camera ready - Full page ad \$25.00 ½ page \$15.00 ¼ page \$10.00

DEADLINE NOTICE

DEADLINE DATES FOR NEXT ISSUE

Deadline for articles and ads is March 15th 1989 Send at once if you can.

Below is a list of TEC Members who wrote Articles for TEC Newsletter for 1988
These people will receive a Special "AWARD" Coin for each Article written.

The people listed on these 2 pages have written one or more articles for TEC Newsletter for 1988. All will receive the Special AWARD coin for each article. Several people have written more than one article and as Editor, I really appreciate all the help I have received in 1988. I hope some of you new members will write an article and let us know how you got started, your favorite Elongated, your first elongated, why you collect certain elongated, as you can see by the titles of some of the articles written, their are many subjects you can write about. Why not send in a short Article, doesnt have to be 2 or 3 pages, all will be appreciated. Send them to the Editor. How about your Christmas Elongated? Anyone can write a short article. Do it now.

88 is Gone and 89 is Here

By Frank Brazzell

Well, we have to start thinking about the New Year, what are we going to do, and what should we have done in 88 that we have to do now? I know I had enough of Hospitals and Doctors in 88 and hope you don't need any in 89 either. As a new project for 89 I am going into another little business. In October of 88 I bought a building, large building, in fact its two buildings, kind of L shape. The biggest one, about 3000 square feet faces Laffayette ave. here in Terre Haute and the other one faces a side street, Garfield Ave. I plan to use the smaller one as it has one large 24x26 room, no posts, plus a 12x24 office and 8x10 storage room and a 24 x27 garage plus a very large bath, even has a shower room. I plan to go into the Screen Printing business. Have already checked with places for equitment, inks, supplies and so on. Am going to a 3 day school to get acquainted with the process so hope to start a little business. Want to get a machine to print on Cups, Glasses and so on plus a machine to do T-Shirts, Hats, Swet shirts, jackets and whatever. Some people have said this doesn't go along with Elongated coins very well. I guess this is true but some things I have learned in engraving elongateds can be used in Screen printing. Their is a Positive used to make the screens for printing just as we use a positive to make a die for etching so there is art work, camera work, in both. I have been interested in this for some time as I do business with several gift shops and tourists areas and think I can work the new items in with a little work, luck, work and more work. I have the large building rented out and new people will be in it in February so will have something else new as I have never had a Renter before, whole new experence I hear. I still plan to build a few Penny Machines and engrave a few dies in 89 so keep your orders comming. Just want to try something new and see if I can do it. Just because I am getting a little older doesn't mean I have to sit around and collect dust. And now with this new building and garage I have room for my old car. I had a 1961 Dodge stored in a Barn down in the country my wifes Uncle owned and went and got it out a few weeks ago. Had it running good and parked out in front of the house. Some guy came by an said he was interested in it. He had a half dozen old cars already. I talked to him a little the first time but he came back next two days in a row wanting to buy it or trade for it so I went down to his place and he had a nice 1964 Ford Galaxie 500 4 door hard top that was Red with white top, automatic, looked real nice so I traded up and got me a nice 1964 Ford now. So the garage will come in handy anyway. My wife just shook her head. Don't know why!

CAJUN COUNTRY

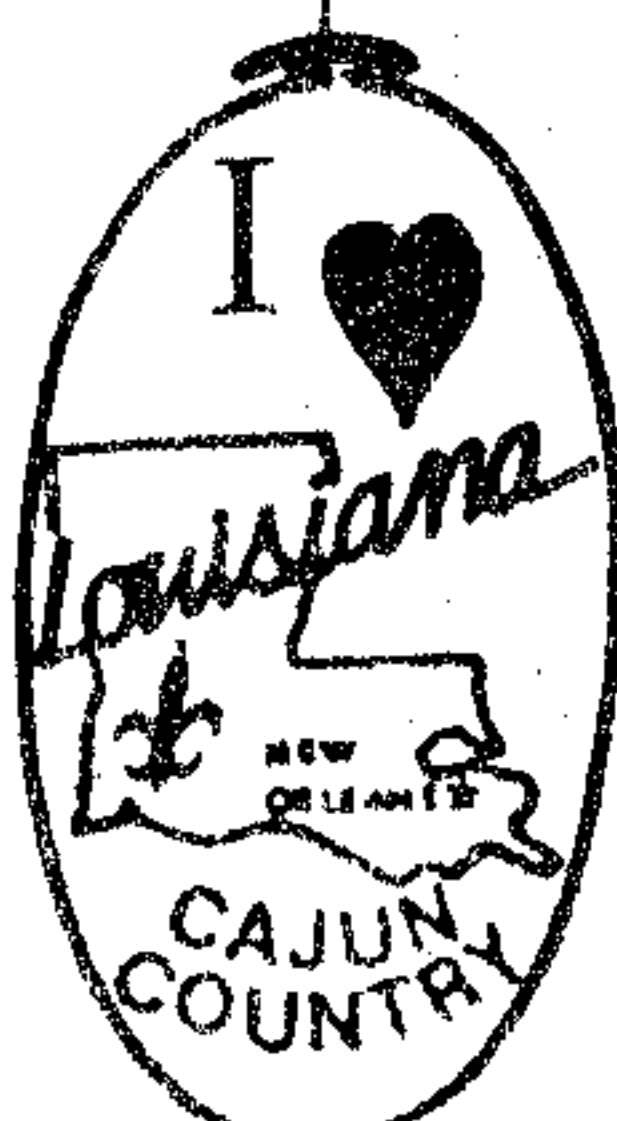

Upon losing the Queen Anne's War in 1713, France ceded its Canadian Colony to the British. For over forty years the British sought to force the French Canadians (Acadians) to swear an unconditional oath of allegiance to the English Crown and abandon their traditional religion. Staunchly French Catholic, the Acadians who settled Nova Scotia as early as 1604, refused. In 1755 British soldiers destroyed much of the Acadian community of 16,000 people and initiated a very painful odyssey of exiling and indiscriminately scattering the Acadians to England, the English Colonies on the Eastern seacoast of North America, with some even finding their way to France and the French West Indies. Henry Wadsworth Longfellow's poem "Evangeline" recounts the brutal and tragic expulsion of the Acadians from Canada.

Several hundred Acadians immigrated to the French colony of Louisiana and spread into the bayous and swamps west of the lower Mississippi River. Elsewhere, other dispersed Acadians gradually regrouped and between 1764 and 1767 came by the hundreds to the now Spanish Louisiana. By 1790, before the American Revolution, there were over 4,000 Acadians in colonial Louisiana.

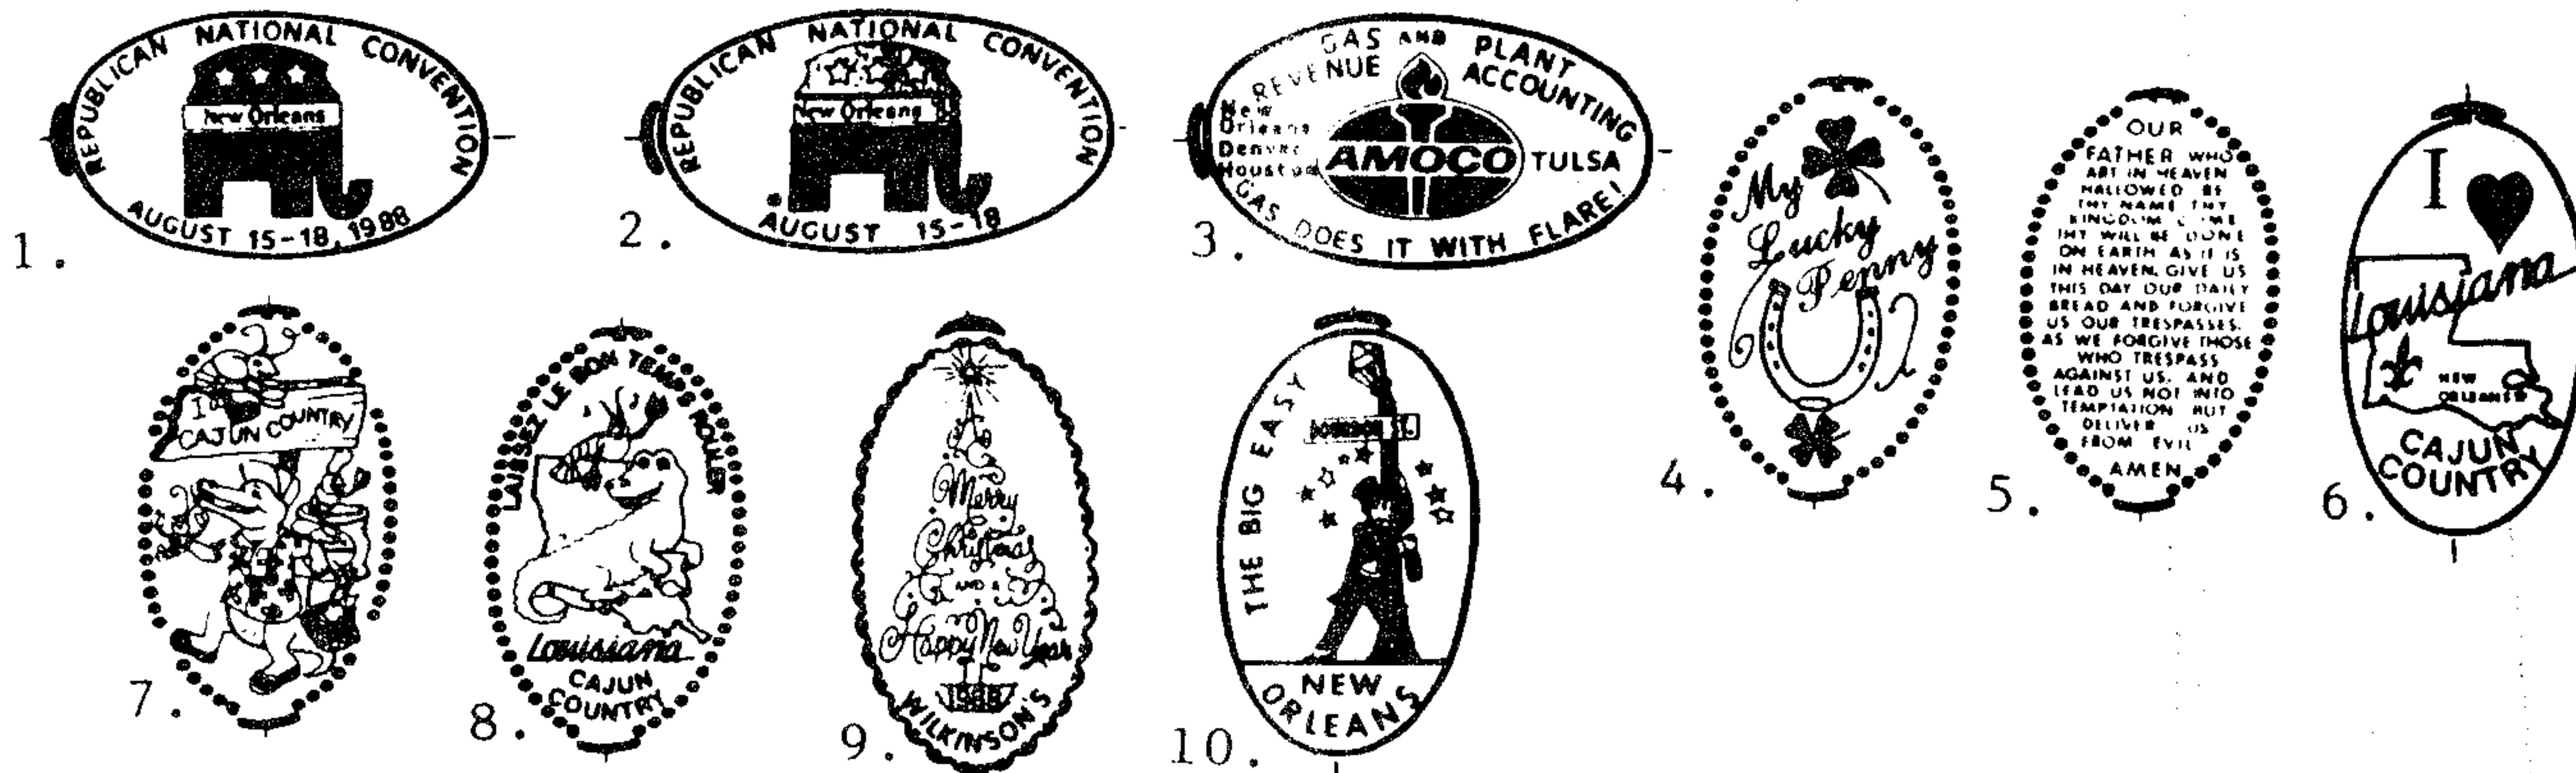

The Cajuns in Louisiana remained a largely isolated people for nearly two centuries, content with their rural way of life of farming, fishing and trapping, music, food, dance, language and religion. This century's transportation revolution, discovery of oil and the World Wars brought the Cajuns into the American mainstream.

"Cajun" is a frontier American corruption of the word "Acadian" such as "Injun" is to "Indian". There are now over a million Cajuns in the 22 southern parishes of Louisiana, where they are the dominant culture in the area. Cajuns are best known today for their spicy seafood, fun loving and distinct music.

Three elongated coins have recently been designed to support and promote Louisiana's Cajun Country. The dies were done by Frank Brazzell. The first, "Laissez le bons temps rouler" meaning "Let the good time roll" features an alligator superimposed on an outline of the state of Louisiana and it shows a crawfish (mud-bug), one of the seasonal delicacies of Cajun Country. The second coin, "I Love Louisiana" shows an outline of the state, a fleur de lis, locates New Orleans, and labels the lower portion of the state as "Cajun Country". The third banners, "I Love Cajun Country" and shows "Gumbeaux Gator" in a flowered shirt and with a sack of crawfish.

FOR SALE: Elongated Cents, REPUBLICAN NATIONAL CONVENTION, NEW ORLEANS, Type I & II. 3. AMOCO-TULSA. 4. MY LUCKY PENNY. 5. LORD'S PRAYER (Catholic version). 6. I LOVE LOUISIANA. 7. I want to thank Ray Dillard, Fenton, Mi. and Jim Singleton, Hugheston, W.VA. for donating Elongated Coins for this issue of TEC Newsletter. Each Quarter when we send out a Newsletter we send a FREE Elongated to all members and these coins are donated by Members of TEC. We hope you enjoy your FREE Elongated coin and as Editor, I want to thank Ray and Jim for the coins in this Issue. Hope you enjoy them.

My Wife says "You can tell your getting old when your back goes out more often than you do" and "it takes longer to rest than it did to get tired"

Ran across this old recipe the other day and thought with the Holiday Season and all that it would be nice to share. The cookie is abit labor intensive, but the uniqueness and the tasty consistancy make it worthwhile.

Ingredients (Makes approximately 3 dozen generous cookies)

3/4 cup butter or oleo
1 cup Brown Sugar
1 egg
2 teaspoons vanilla
2 1/2 cups flour
2 teaspoons baking powder
1/2 teaspoon salt
1 1/2 oz (1 1/2 squares) unsweetened
chocolate, melted
1/4 teaspoon baking soda
Butterscotch or peanut butter
chips, cashew nuts

- Cream butter or oleo and brown sugar; then blend in egg and vanilla.
- Sift flour, baking powder and salt; then add to egg mixture blending thoroughly.
- Remove 2/3 of the dough and place on a floured pastry board.
- Combine the melted chocolate and baking soda then blend it into remaining 1/3 dough.
- Roll out 1/2 of light dough into a 4x10 inch strip. Take 1/2 of chocolate dough and form a 10 inch log and place in center of light strip. Roll to form log. Wrap in wax paper and chill for 2 hours. Repeat steps with remaining light and dark dough.
- When chilled, preheat oven to 350°. Cut 2 slices, (1/4 inch approx.) place on ungreased cookie sheet. Place side by side pressing them together at seam. Press chips in center of choc for eyes. Place cashew nut at crease for beak. Continue spacing cookies 1 1/2 inches apart. Bake 10 minutes or until lightly browned. Cool on cookie sheet about 10 minutes; Remove and cool completely. Store in air tight containers.

The FREEHOLD RACEWAY, N.J.

In a recent T.E.C. News Issue, My Brother Frank, wrote a small article on the Elongateds that he had made and had rolled.

He mentioned that the Freehold Raceway 150th Anniversary, was his first Elongated. This was in Error. The first Elongated was The Freehold Raceway Fire and Reopening, the same subject, Both elongateds were engraved by Frank Brazzell and rolled for us.

It all started back when I ran some Elongated Auctions. A print of the Freehold Raceway" was put on the auction literature to make it attractive and illustrate some elongates. Later the Freehold Raceway was placed in "Yesterdays Elongateds" book by Martin-Dow as an unlisted. They had no way of knowing that the Elongated did not exist, neither did Jack Wilcox, who went to the Racetrack and Library for information, with no success.

He asked me to put out an elongated on Freehold for its anniversary and since it was his idea, I asked him to join me in this project. He sent me a postal card of a Pacer or Trotter in action. I made up the art work and sent it to Frank Brazzell to Engrave. We put out this coin in 1982.

In 1983 the track burnt down and a tent was built in place of the grandstand for re-opening. Frank decided to put out an elongated since he owned 9 or 10 racehorses at the time. At a glance, the elongateds look alike but at close examination the horse was the same but the rest is different. Hope the pictures below will show the collectors the difference and answer any questions. I did art work and Frank Brazzell did engraving for both coins. Freehold Raceway is located in Central part of New Jersey and coins may be ordered from John Spadone, 4872 N.W. 171st. Terrace, Miami, Fl. 33005

25¢ each Plus S.A.S.E.

TOUR TOKENS STILL AVAILABLE

Florida Token Society tour tokens from the June 25th meeting at Wakulla Springs are still available in limited quantities. Tokens are available at the following price plus a 45c SASE: Cent - \$1.25, Nickel - \$2.25 & Aluminum - \$2.75. Send orders to: James Partin, P.O. Box 1091, Lake Alfred, FL 33850-1091. Now and get your FREE Elongated.

T.E.C. News Story - "Doug" Fairbanks, SR.

Elongated Question and Answer

Q. "Doug", how did your most recent Fixed Price Listing fair.?

A., I placed approx. 150 catalogs into Uncle Sams mail. Initial response was great, but has now slowed to a trickle.

Q. Which Elongateds sold be the greatest quantity? Modern or Oldies?

A. By Bulk, the modern issues, probably due to pricing and new collectors entering the hobby.

Q. Has the "Unlisted" Booklet met with good reception?

A. I would say yes, Approx. 180 were sent out.

Q. Why is it I receive many of the elongateds I order from you in "beat up" 2x2 holders or envelopes?

A. Obviously an attempt to hold pricing down, and to eliminate contaminants to the coin, ie finger prints, moisture, ect.

Q. How do you obtain the collections you purchase?

A. From elderly collectors retiring from the hobby, widows of deceased club members, rollers stock, and dealers stock, or auctions.

Q. Do you answer questions to you from novice collectors?

A. To the best of my ability and knowledge. I would always appreciate an S.A.S.E.

Q. Have you purchased any other collections recently?

A. Yes, three of ranging quantities from 1500 to 3800 issues each. From Ohio - Maine - California. These arrived to late to make the last sales listing. Currently awaiting the arrival of an 8,500 piece collection.

Q. Will you be publishing another sales listing?

A. Although printing and postal changes have risen dramatically, I may well put together another sales listing, the good Lord willing, probably for a 1990 spring release.

Q. Of those who request your sales listing, do they all purchase coins?

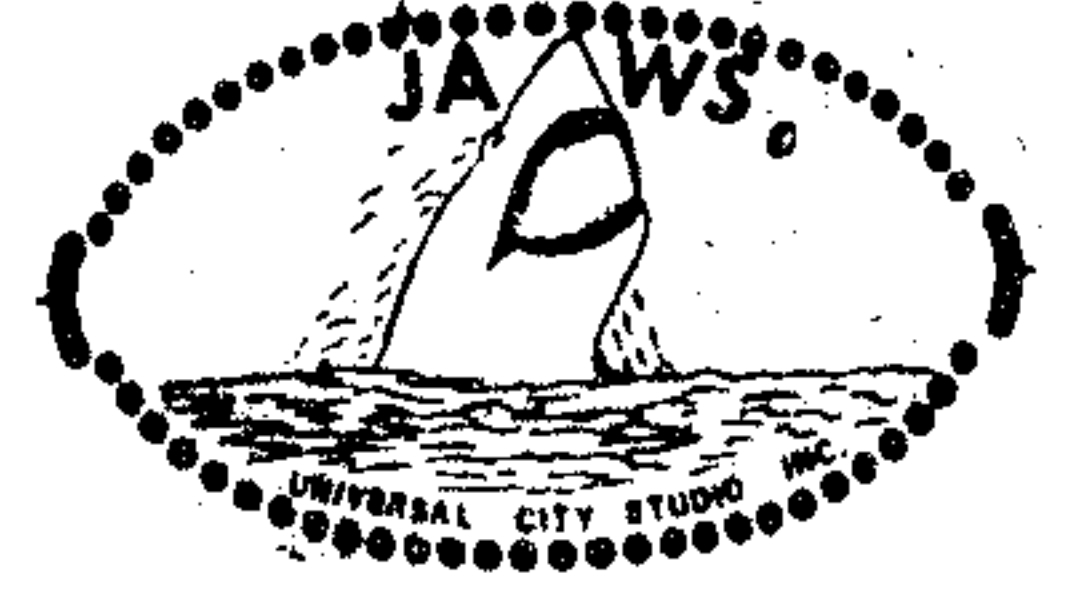

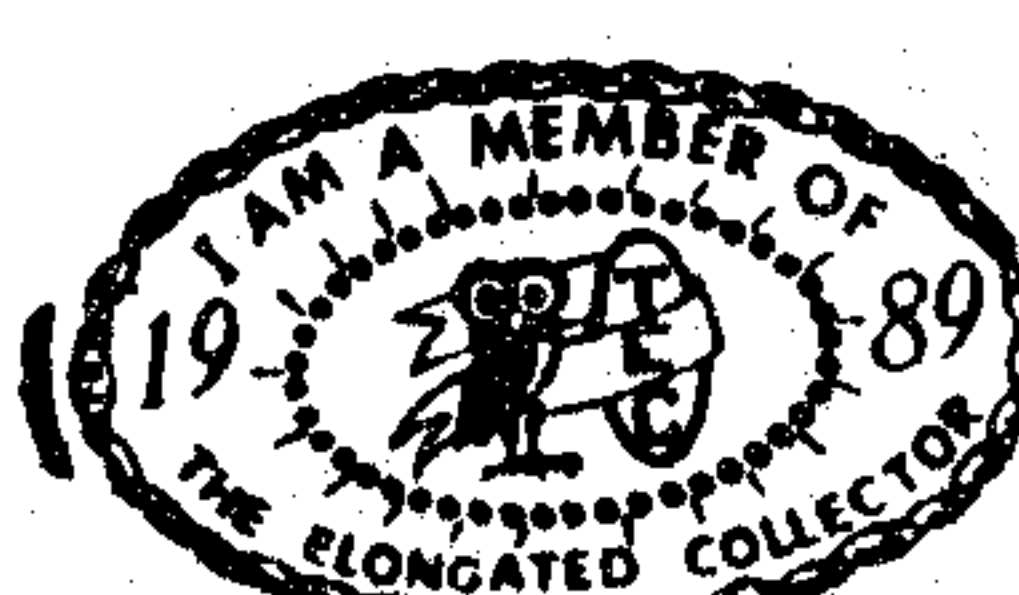

A. No, some just use the list as a "price guide" to enter mail bid sales of other dealers. There were 10 individuals who did not even honor their requests, by payment. Obviously they will receive no future sales listing, and/or elongated coins from me.

Thank you for your time to do this interview and anyone interested in your Elongated Coin List should write: Doug Fairbanks Sr., 5937 Beadle Drive, Jamesville, N.Y. 13078

Up-coming A.N.A. Conventions and T.E.C. Meetings

1989 Pittsburg, Pa. -- 1990 Seattle, Washington --- 1991 - Chicago, Ill.

Hope you will be able to make it to the show and TEC Meeting. See U there.

FOR SALE

88-13qx Golden Days; Quarter size die; This elongated was designed for an enameled pin. The P88-13qe (Enameled, Silver 1959 Quarter, Pin) had a mintage of 250. They sold out quickly and the secondary market has pushed their price to \$30.00. We did make 20 of the 88-13qe (Enameled, Silver 1959 Quarter, NO Pin Back) for the elongated collector.

We enameled this beauty in six (6) different colors. Each of these take 3-4 hours to produce. They require two, and sometimes three coats of paint, plus top-coat. This is by far our best effort enameling to-date. The few who purchase one will be amazed & pleased.

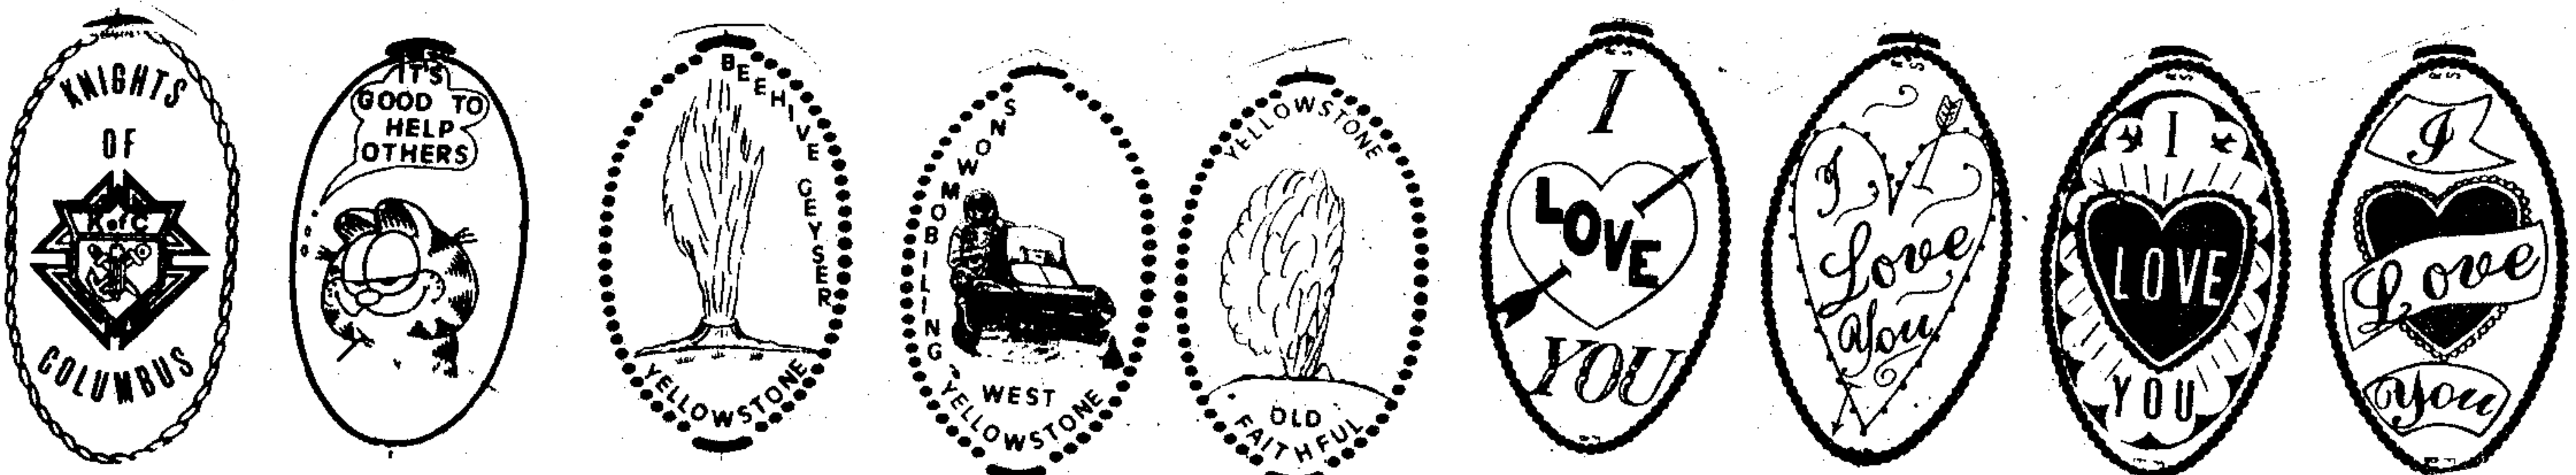

88-13qx Clad Quarter \$4.00 each NO Enamel
88-13qe Enameled, Silver (1959) Quarter \$15.00 each
P88-13qe Enameled, Silver Quarter, Pin \$30.00 each

Order from: E.A.A.; 369 Banner ave.; Ventura, Ca. 93004

As advertised in Numismatic News. First issue.

We want to thank all the members who took time to roll a few coins from dies they may have and the use of their machine to roll these coins and donate them to TEC Newsletter for "give a-ways" each issue. Many members feel the coins are helpful as "gifts" to other members and we do to. Thank You! Hope you have enjoyed the many different coins you have received.

Also want to Thank all those who gave coins as "hand outs" at the TEC meeting. I know in the past as Editor, I have donated several "trial pieces and over-runs from dies and have received many thanks. Thats what makes it worth while.

Notes, Comments and Ramblings by the Secretary

Raymond Dillard

Follow up on Convention activities. Remember in last issue of TEC News it was mentioned that we had proposed to the ANA that TEC be allowed to have a machine at our booth for future Conventions and that we be allowed to roll and sell the official ANA convention Coin, historically they can't seem to keep their automatic machine running. Well, Great News! It is going to happen.

This proposal was made to several officers and governors of the ANA at the Convention in Cincinnati. Each of them seemed very interested but after a 3 month wait- no results.

This is what happened. Robert Leuver, the Executive Director of the ANA was the feature speaker at the Michigan State Numismatic Society Fall Convention. For the last several years I have rolled the official Elongated Coin for this Convention, by the way, I am also on the Board of Governors for M.S.N.S. Anyway, Mr. Leuver stopped at my machine and I talked to him about our proposal along with who I had talked to. He made notes and stated that apparently I hadn't talked to the right people and promised to get back to me with a prompt decision. Low and behold, in less than a week I had a letter from him approving the idea along with a few conditions specified by them, all of which are reasonable. All that remains is formal approval by the officers of TEC and the stipulation of a few minor conditions of our own. (to avoid any misunderstandings) and everything seems to be all set.

This should draw a lot more traffic to the Club Midway and to our Booth in particular. We will be performing a service for the ANA and at the same time we should make a little money and also get a few new members that we wouldn't get otherwise.

The idea was originally proposed by Don Wilkinson. Along with other contributions, is it any wonder why he was honored in Cincinnati at TEC member of the year for 1988.

Another Convention follow up: There seems to be some confusion on the new regulation on Dues for two members at the same address, namely husband and wife. The fee \$5.00 for the first membership (The same as before) and then half price or \$2.50 for the second membership (A total of \$7.50 for two) to qualify for this rate they must both agree to receiving only one copy of TEC Newsletter.

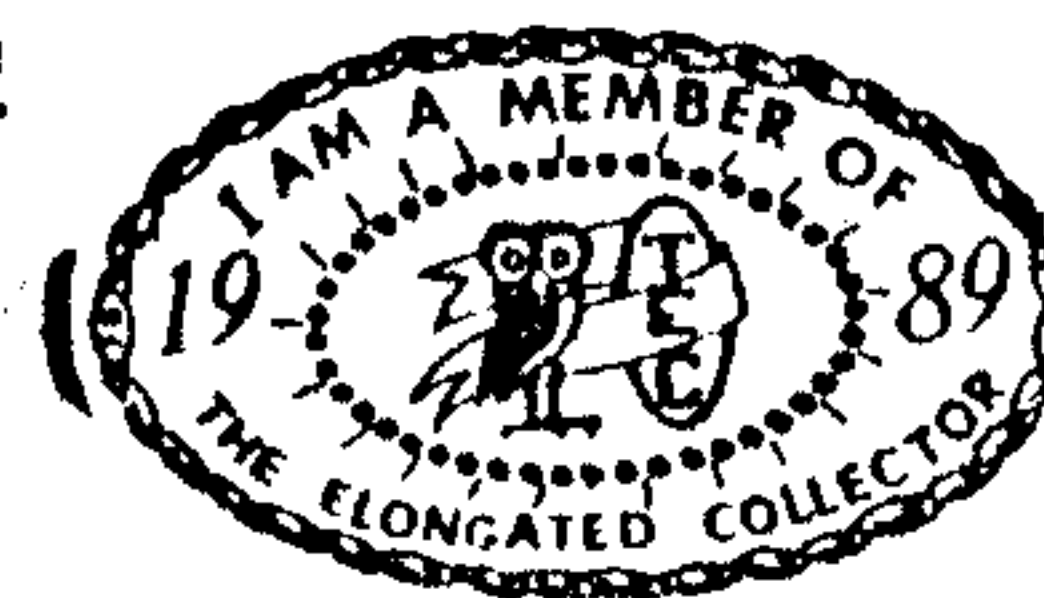

Youth membership remains a flat \$2.00 per year (they get everything) and adults are encouraged to sponsor Youth Memberships as Gifts. We need more kids.

Our membership roll is growing. We currently stand at 393 and should exceed 400 before non-paying members are dropped at the end of March 1989. I expect that we will easily reach 500 before the end of 1989.

While speaking of Dues--- if you haven't already paid, they are due in January, 1989. You will probably get a Dues Notice Envelope with this News letter. If you have already paid, please don't get upset and please don't pay again. Just ignore the notice and try to understand that it is much easier for the Editor to send a notice with every copy rather than to all except the dozen or so that have already paid in advance.

Also, when writing checks to pay TEC Dues or any other TEC Funds, Badges, or whatever, please make the check Payable To TEC and not to an individual. Further, it is acceptable, but not a good idea to send Cash thru the mail. All payments should be made to TEC and sent to the Secretary. Please do not send them to other officers who must then relay them to me; it wastes time and postage. It also adds another factor that may lead to confusion.

Remember: Send your Dues to Me, Secretary, Ray Dillard, but send your Newsletter articles and Ads to the Editor. Thank You!

Notes, Comments and Ramblings by the Secretary:

Ray Dillard

More on the Michigan State Numismatic Society Fall Convention. I am sure that I related before that this Convention is held in the Detroit suburb of Dearborn Michigan each year over the Thanksgiving Holiday week end. Outsiders feel that this a terrible time to hold a Convention but the fact is that the timing plus good management is what makes it one of the most successful Coin Conventions in the country. Most industry office workers and the likes are off work for the weekend and the attendance is unblievable. The bourse area is always sold out and we have a waiting list

The show is always co-hosted by a coin club or clubs. Other activities are always held including a complimentary breakfast for all member club presidents throughout the state with prominent speakers, an ANACS staffed Certification Table, Educational Programs, and World Class Exhibits, all well covered by the Numismatic media. We also have an Awards Breakfast for Exhibitors. By the way, TEC Member, Mark Wieclaw of New Lenox, Il. walked away with a first place award for his category and also Best of Show for the adult division with his exhibit on "Irish Gun MOney" His awards included gold coins plus an all expense paid trip to the ANA summer Seminar at Colorado Springs on a subject of his choice. Congratulations Mark. I took a second place Award for my Exhibit of Elongated Coins on "Presidents and Masonry" I felt real good about taking second place against prominent exhibitor John Wilson of Milwaukee, Wi. who took first place in the same category.

Hand colored Christmas Cards with an Elongated coin attached were very popular at the convention. Really they weren't planned to be hand colored but the printer talked me into having them prepared in Black ink and me coloring them. Well- I was only able to color 650 before the Convention and they sold out on the second day. I took orders on the third day. I was pleased that they were liked so well.

Others are now available at the Convention rates plus postage. 35¢ ea. 3 for \$1.00 or 10 for \$3.00 or 24 for \$6.00

This includes the Card, Coin and Envelope, what a buy! To late for Christmas 1988 but what about next year?

New Business!! TEC Convention Badges for 1989 may be ordered at any time. Payment need not be made until we deliver if you prefer but we would like to get an idea of how many to make for 1989 Convention. Past three years we have made only 100 and just about sold out each time,, By the way, last issue I stated we had only 1 of the 1988 Badges left. I now find I have (8) left. How I fouled up is a long story but belive me I have 8 left at \$5.00 each. Anyone still wanting one may go ahead and send me \$5.00 and I will mail it. These are rolled on Quarters, mounted on Ribbon, pin back type, attractive.

Now for 1989 Badges, If enough interest is shown Bert Samsa is proposing to make up a very limited number, 20 or 25 tops, of the 1989 Badges on Silver Quarters with his exclusive multi-colored enameling process. By comparison they would be rather expensive, \$15.00 each, compared to \$5.00 for the regular issue. Bert does beautiful work and has done several 4 color to 6 color coins that look like jewelry store items. Anyone interested in ordering one of these Multi-colored Badges on Silver Quarter, please place your order. This will be a very limited issue. Max number made will be 25, maybe only 20. Depends on how many advance orders we get.

Sick Report!

Gus Meccarello reports a bout with the flu bug. He says that it seems to be an annual thing with him.

Ginnie Aldridge reports sickness in the family. Her husban was in hospital from Aug. 18th to Sept. 2nd. with pneumenia and back in again in Oct. for prostate surgery. In Nov. her Daughter had a hysterectomy. Ginnie says she had a hectic time taking care of the sick along with chairing a successful Virginia Numismatic Association Convention.

CONT. →

Notes, Comments and Ramblings by the Secretary, Ray Dillard

Lowell Lundberg reports that in spite of his wife's health problems, that among other things, she is able to help out at the registration table at their Coin Shows. She is the Nose Counter.

Barbara Izzo reports on having a hospital stay for cancer tests. She is just being careful because it runs in her family.

Doug Fairbanks reports good news! Further tests proved his problem to be non-malignant and surgery to remove his right kidney was cancelled.

Ed Kowalczyk reports that he was in the hospital for a week back in Nov. but did not say what the problem was. Apparently he is OK now. He is back on schedule with his monthly price lists of Tokens and Mdeals and Elongateds.

Both he and Bill Williges advertise some good stuff. If you are not on their mailing list you should be.

Frank Brazzell had check up first of Dec. and his problem has been temporarily arrested. Another check up due in Jan.

June Beierle reports that her husband Bill died. It is sad to hear this because they were such a delightful older couple. They made many friends at the Cincinnati Convention. June was one of the most active bidders at our auction and Bill just let her go and he paid the bill. They seemed to enjoy themselves thoroughly. June, our condolences go to you. For those that may want to express personal thoughts, their address is; 948 Catlett Dr., Crittenden, Ky. 41030

No activity on my Biography series for this issue. Come on members, send me a short story on yourself. If I don't get something for the next issue I will bore you with one on myself. That's a Threat!

Old Uncle Ray didn't get any questions either. Sorry Ethel Peterson; I didn't get with Frank Brazzell as promised on that write-up on the development and the creation of an elongated die. Maybe for the next issue.

I did get an inquiry from a young member interested in learning the trade of making elongated dies. Goodness knows that the Hobby needs more Die Makers. On the other hand I understand that Frank has been tutoring both Jim Dundon and Brad Ream on his techniques.

Election of Officers: According to our by-laws all officers of TEC are subject to election or re-election in 1989. Officers are selected by nomination and elected by ballot by general membership. The present corps of officers have made a good team, however I am not sure that all of them want to continue for another two years. Make your nomination now and let's make a real contest of it. Remember, nominations can only be made by members in good standing. Further, nominations must be made in writing to the secretary. Members accepting nominations should understand that the work connected with each office goes along with the title and that they should be able to attend annual meetings held at the ANA convention, at their own expense, regardless of where it is. Further, that the only compensation is the appreciation expressed by your fellow members and the feelings of personal satisfaction derived from representing the Hobby and for a job well done. To put it very bluntly, if you have other expectations- don't accept the job. I hope you all had pleasant Holidays, Best wishes for 1989. Enough for now. Ray Dillard, Sec.

WANTED!! Picker, Plucker, Packer & Canning Tokens, also photo copies of any information regarding same. Names and address of any clubs related to same. If you have any for sale please let me know what you have and price you want. Gary E. Glise 82 Garfield St. Rochester, N.Y. 14611

Wanted: Kick-Off Kewpie 1977. First of a series issued by Marie Trinny. Need this to complete my collection of Kewpie Coins. Also would be interested in what you have for sale in this series on Clad Dimes. Write: Ray Dillard, P.O. Box 161, Fenton, Mi. 48430
